DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicant's representative, Abdul Zindani Reg. No. 46,091, on 12 August 2005.

The application has been amended as follows:

12 (Currently Amended). The method of claim 10 further comprising holding the first or second logic value for a pre-determined period of time.

13 (Currently Amended). The method of claim 10 further comprising delaying the logic signal for a predetermined period of time.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

1. Claims 1-7, 9-24 and 26 are allowed.

Claims 1-7, 9-11, 15-24 and 26 were previously indicated to be allowable over Fujiwara in view of Myers in the Final Rejection filed 16 May 2005.

Claims 12-14 were indicated as being allowable if rewritten or amended to overcome all rejections under 35 U.S.C. § 112, second paragraph. Following the entry of the current amendment, these claims are in compliance with the examiner's recommendations, and thus, are allowable over Fujiwara in view of Myers.

Claims 8, 25 and 27-30 are cancelled.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
